

23RD
ANNUAL

SHOWBOATS INTERNATIONAL
BOYS & GIRLS CLUBS
RENDEZVOUS

THE SHOWBOATS INTERNATIONAL RENDEZVOUS is the largest gathering of superyachts in the United States! It is a three-day event at the Rybovich Yacht Club, a magnificent 10-acre, 100-slip megayacht center in Palm Beach. The 23rd Annual Rendezvous will take place November 11-13, 2010 with more than 400 guests expected to attend the festivities.

The Rendezvous is attended by yachts that range in size to over 220 feet in length and are valued at over \$120 million. This year, the event is again being held in Palm Beach so that yachts up to 275 feet can be accommodated. Guests will enjoy the Rendezvous Yacht Hop where they will get to tour through over a billion dollars' worth of yachts, a Dinner & Dance Party and a Black Tie Gala at Donald Trump's Mar-a-Lago Club.

Each year the Rendezvous offers guests a spectacular display of megayachts and entertainment. Previous years have featured a star-studded line-up, including Donna Summer, Michael Bolton, KC & The Sunshine Band, Earth,

\$10,000

PREMIERE
SPONSORSHIP

Wind & Fire, Burt Reynolds, the Village People, Oprah Winfrey and more, and last year's event featured honorary event chairs Mr. and Mrs. Donald J. Trump.

This is an ideal opportunity for your company to network with a highly qualified and targeted group of individuals. This is a group of individuals that have great discretionary income. Many of the owners also have private planes. Live auction items usually go for over \$200,000. During last year's event, 22 guests gave an additional \$50,000 to the Admirals Boys & Girls Club Marine Academy and expected nothing in return other than the satisfaction of helping children learn all the trades in the marine industry.

We believe most of the attendees come to this event because of the children it helps as well as for a great party, an opportunity to visit with their fellow yacht owners and make new friends. Therefore, we believe they patronize the businesses that sponsor the Rendezvous. Sponsorship is restricted to a relatively small number of other high-end businesses that cater to those with substantial worth.

THE ELEMENTS

- 35-40 yachts from 70 feet to over 220 feet
